Date: February 27, 2015
From: Bart Stepp, PE, Public Works Director
To: WWTP Maintenance Building Roof Project
Subject: Addendum #1

The contract documents for the 300 E. Scott Avenue Building Demolition Project are modified in the following ways:

A) The project scope is modified as follows:

1) Remove existing roofing and rigid insulation below it on WWTP Maintenance Building located at 755 Sandalwood Road. Roof size is approximately 20’ x 40’.
2) Install 2” of new rigid insulation and a new Class B roofing assembly on WWTP Maintenance Building Roof.

B) The bid proposal form doesn’t change but the cost to remove the existing insulation should be included in bid item #1, Remove Existing Asphalt Roof, and the cost to install new insulation is to be included in bid item #2, Install New Class B Roofing System.

The bid due date of March 10, 2015 at 2 PM remains the same.

If you have any questions please call Bart Stepp at Woodland Public Works at (360) 225-7999.
