ORDINANCE NO. 1203

AN ORDINANCE OF THE CITY OF WOODLAND, WASHINGTON ADOPTING THE BUDGET OF THE CITY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011 AND PROVIDING FOR THE APPROPRIATION OF FUNDS INTO SUCH ACCOUNTS AS MORE PARTICULARLY SET FORTH HEREIN.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WOODLAND DO ORDAIN AS FOLLOWS:

Section 1. That the Mayor of the City of Woodland completed and placed on file with the City Clerk-Treasurer a preliminary budget, including estimates of revenues and expenditures for operations of the City for the fiscal year beginning January 1, 2011 and ending December 31, 2011.

Section 2. That the City Council has made such adjustments and changes to said preliminary budget as it deems necessary or proper at the time.

Section 3. That the City advertised and properly held the statutory public hearing on the budget.

Section 4. That the preliminary budget, as presented on October 4, 2010 to the City Council, and is now on file in the office of the City Clerk-Treasurer, is hereby revised and adopted by reference, and incorporated herein as is set forth, in full, in this ordinance.

Section 5. That the attached Exhibit A is a summary of the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all funds combined. More detailed information concerning estimated resources and appropriated expenditures for each separate fund are available for review at the office of the City Clerk-Treasurer.

Section 6. That the City Clerk-Treasurer is directed to transmit a copy of the budget hereby adopted to the State Auditor's Office, Division of Municipal Research, and to the Association of Washington Cities.

Section 7. If any provision of this ordinance, or its application to any person or circumstance is held invalid, the remainder of the ordinance or the application of the provisions to other persons or circumstances is not affected.

Section 9. This ordinance shall take effect on January 1, 2011 with the attached summary and exhibit A, which is hereby approved.

PASSED BY THE CITY COUNCIL this 6th day of December, 2010

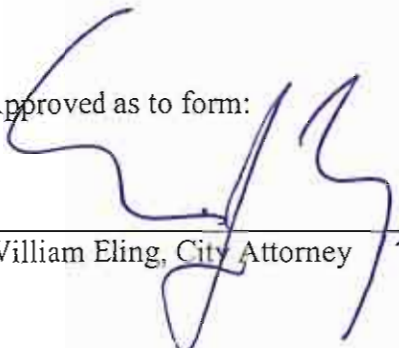

Charles E. Blum, Mayor

City of Woodland – 2011 Organizational Chart

G:\Clerk Treasurer\Budget\Org Charts\2011\City 2010 Organizational Chart_2011.docx

Mission Statement:

To work in active partnerships with and for Woodland citizens, to build a progressive community that preserves our heritage.

10/13/2008

2010 / 2011 GOALS & PRIORITIES

It was discussed and the following five (5) goals were established. In a show of hands the 6 City Council members and Mayor voted on these goals and in this order:

1. Efficient Public Safety (vote of 7 members)
2. Efficient City Services (vote of 6 members)
3. Transportation Solution (vote of 6 members)
4. Economic Development (vote of 6 members)
5. Efficient Public Involvement (vote of 5 members)

Top 5 GOALS with priorities:

1. Provide efficient public safety

- Pursue new fire & police buildings
- Develop a long term ambulance service plan
- Continue with long term replacement of vehicles
- Explore employing a staff person for risk reduction and education
- Reduce vandalism, graffiti
- Develop and enforce water boating regulations

2. Provide efficient city services & infrastructure

- Restructure water and sewer bills
- Look at full time attorney position
- Explore a senior center and library expansion
- Complete Schurman Way
- Complete Lewis River Road widening project
- Replace Sewer main lines and laterals –at CC, Hoffman, Washington, Park and Dale Streets.
- Explore alternative transportation funding such as Transportation Impact Fees, transportation benefit district, etc.
- Maintain and improve water lines to limit loss and provide efficient services.
- Upgrade to a new telephone system.

- Install new emergency generator for City Hall.
- Continue computer replacement program for all departments.
- Investigate employment of Administrator for continuity of City services.
- Continue with City employee space time line planning:
 - Develop interim solution
 - Develop optimum long term solution.

3. Develop and pursue transportation solutions

- Identify transportation solutions (*CC & COG should meet about priorities for transportation. Steve Harvey will arrange meeting for 1 or 2 hours*)
- Pursue a variety of funding opportunities
- Develop funding strategies
- Build partnerships with local, regional, state, and federal entities.

4. Cultivate Economic Development

- Ensure clarity of City Codes and Standards to support Economic Development (*wait on this until Kei gets back*)
- Analyze possibly expanding UGB to insure there is adequate land available.
- Continue with downtown revitalization/gateway area effort
- Continue with Woodland Commerce Center
- Work w/ a representative of the Port of Woodland through Woodland Coalition
- Develop relationship w/CEDC

5. Public Involvement

*(Need to schedule a meeting for each priority.
Set meeting for May 24th for 1 hour: Public Involvement)*

- Survey/questionnaire to be sent out & train staff

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF WOODLAND, WASHINGTON FIXING THE AMOUNT TO BE PROVIDED BY AD VALOREM TAXES UPON THE PROPERTY IN THE CITY OF WOODLAND IN 2011.

WHEREAS, the City Council has considered the financial requirements of the City of Woodland for 2011; and

WHEREAS, the City Council has properly given notice of the public hearing held November 1, 2010 to consider the City of Woodland's current expense budget for the 2011 calendar year, pursuant to RCW 84.55.120; and

WHEREAS, the City Council, after hearing, and after duly considering all relevant evidence and testimony presented, has determined that the City of Woodland requires an increase in property tax revenue from the previous year, in addition to the increase resulting from the addition of new construction, and improvements to property, any increase in the value of state-assessed property and any refund levies, in order to discharge the expected expenses and obligations of the City of Woodland and in its best interest; and

WHEREAS, the assessed valuation of property within the corporate limits of the City is in the total amount of \$583,388,391 and,

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF WOODLAND DO ORDAIN AS FOLLOWS:

Section 1. That there shall be levied against all property within the corporate limits of the City of Woodland for the 2011 fiscal year Ad Valorem Taxes as follows:

For the general operation of the City of Woodland, a levy upon an assessed valuation of 576,611,665 being property in Cowlitz County, Washington, and property in Clark County, Washington, having an assessed valuation of 6,776,726 [still waiting for updated figures from Clark Co.] for a total of 583,388,391.

Section 2. That an increase in the regular property tax levy, in addition to any amount resulting from the addition of new construction and improvements to property, annexations, any increase in the value of state assessed property and any refund levies, is hereby authorized for the 2011 levy in the amount of \$1,153,114.56 (\$1,153,071 + 43.56 Clark Co. Refund Levy), which is a percentage increase of 101% from the previous year; and

Section 3. That the City Clerk-Treasurer shall certify a copy of this ordinance and deliver same to the Board of Commissioners of Clark County, Washington and the Board of Commissioners of Cowlitz County, Washington.

Section 4. That the City Council of the City of Woodland hereby certifies that its population estimate is less than ten thousand (10,000). The 2010 Office of Financial Management's population estimate was 5,250.

Section 5. This ordinance shall take effect and be in full force five (5) days after publication of the attached summary which is hereby adopted.

PASSED BY THE CITY COUNCIL AND APPROVED BY THE MAYOR at a regular meeting of the City Council on this 15th day of November, 2010.

Charles E. Blum, Mayor

NOTICE OF PUBLIC HEARING
AND SPECIAL MEETING
2011 FINAL BUDGET
CITY OF WOODLAND

Notice is hereby given that the City Council of the City of Woodland will hold a Public Hearing shortly after 7:00 p.m., at a SPECIAL meeting, Monday, November 22, 2010, in the Council Chambers, Woodland City Hall, 100 Davidson Avenue, Woodland, WA 98674

The purpose of the hearing is to receive comments from interested individuals or groups on the 2011 FINAL BUDGET (FIRST READING). The council will be taking action on this item. Any taxpayer may appear to be heard for or against any part of the budget. A copy will be available at the Office of the Clerk-Treasurer on or after November 19th, City Hall Annex, 230 Davidson Avenue, Woodland, WA 98674 or by calling (360) 225-8281.

Dated this 13th day of October, 2010.

City of Woodland
Mari E. Ripp
Clerk-Treasurer

Lilac Gardens

September 10, 2010

Woodland City Council
230 Davidson Avenue
Woodland, WA

Re: Request for funds from Tourism Tax

It takes considerable effort and hard work to keep one of Woodland's most popular attractions thriving. Obvious credit goes to the faithful volunteers of the Hulda Klager Lilac Society; but the society in turn recognizes the city of Woodland as one of our most important partners. Without its support there would be no banners flying on lampposts around town each spring, no signs directing visitors to the farmhouse and gardens, and no tourism tax to help defray our yearly publicity costs.

This past year the Lilac Society ran advertising in 5 local area newspapers, mailed out press packages to 20 others statewide, and ran a month-long ad campaign on TV's "Garden Times." Magazines at both the national and local level either ran articles or listed the gardens as place to visit while touring the state of Washington. Dozens of gardening and tourism web-sites list the gardens as a place not to be missed.

Thankfully all the media buzz paid off and our 2010 "Lilac Days" celebration was a great success, having brought in somewhere around 15,000 visitors over the three-week period. Those visitors stayed in local hotels, ate in our restaurants, bought gas, and visited other local attractions.

It is also important to remember that the Lilac Gardens are open year-round for everyone to enjoy. Funds are also used to maintain and improve the farmhouse and grounds, while other proceeds are directed towards our continuing mission to educate the public on the historical and horticultural significance of Hulda Klager's lifelong devotion to her lilacs.

On behalf of the members of the Hulda Klager Lilac Society we are respectfully requesting that you will again support our endeavors with a \$4,000 allotment from the tourism taxes. The following attachment to this letter includes a

list of our 2010 publicity costs, along with the corresponding receipts.

Thank you for your consideration.

Subject: Notice to File 2011 Budget Estimates

You are hereby notified to file, **on or before Monday, September 27th** itemized estimates of all expenditures/uses required by your department or agency for the year 2011.

You may submit them in hard copy, email or mail an original. Please submit all estimates to the Clerk-Treasurer at rippm@ci.woodland.wa.us and to City of Woodland, Attn: Clerk-Treasurer, P.O. Box 9, Woodland, WA 98674. Any questions regarding the procedures should directed to this office.

Your cooperation in meeting scheduled deadlines and responding to requests for additional information will be appreciated by all concerned. Thank you.

Planning for BUDGET 2011 --

Presented at September 27, 2010 Council meeting

The Budget Guides City Policy

A budget cannot be effective unless it communicates. Since this budget has a diverse audience, it seeks to communicate at several levels and for several purposes. The budget document reflects all City operations. The activities of every City department, organization and function are formalized and detailed within these pages.

The budget document provides written legislative and administrative guidance to City employees regarding the nature and scope of their official activities during the fiscal year. These official activities need to be planned, debated and formally established during the budget process. The budget communicates significant policy issues and options in a form that can be acted on by policy officials. The budget also communicates the plans of the City to its constituents in an opportunity to provide meaningful comments to the elected officials.

Managing Resources

The City of Woodland annual budget outlines how the financial resources of the City will be managed. The City's budget must be adopted by the City Council as a balanced budget before any public funds can be expended. The adopted budget is the City's legal authority to spend public funds and also provides the means for controlling expenditures. The City's comprehensive budget describes in narrative form significant items in the budget, financial trends, and any policy implications. More detailed information about the City's accounting and budgeting system is found in the Financial Summary section.

Setting Policy

The Council sets public policy in two major ways: By enacting ordinances during the year, and by establishing budgetary (taxing and spending) policies. Setting policy through the budget is a continuous, annual process, involving setting goals and establishing priorities. Public participation is critical to the budget process as well as being required by law, because of the many policy decisions involved. Once a budget is adopted, the City of Woodland is responsible for monitoring program progress through periodic reports from staff and from the community. If programs are not effectively implementing policy decisions, revisions can be made.

The City Council utilizes long-range strategic planning through use of the City's Comprehensive Plan, Capital Facilities Plan and Six-Year Transportation Improvement Plan. These strategic plans set goals and policies for the City to follow each year for the following years. The City prepares its budget based on the Goals and Priorities established annually by the Council.

2011 Budget Process

Putting the Budget Together

As stewards of City resources, Woodland officials make certain that citizens receive the best possible programs and services for the investments they make through their tax dollars. City Council is responsible for allocating and using citizens' tax dollars effectively and wisely. A balanced budget must be adopted by City Council before any public funds are spent. The adopted budget is the City's legal authority to spend public funds, and also provides the means for controlling expenditures.

Annual Budget

The City of Woodland operates on an annual budget cycle. The council is the legislative body of the city allowed under the Constitution of the State of Washington and RCW Chapter 35A. The mayor is the chief executive and administrative officer of the city, in charge of all departments and employees, with authority to designate assistants and department heads pursuant to Woodland Municipal Code 2.06. He shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He shall prepare and submit to the council a proposed budget, as required in RCW 35A.33.

Estimating Expenditures

Programs and services provided for citizens are considered expenses and are balanced against the estimated income, resulting in a spending plan for the annual period. Like balancing your checkbook, the City must balance the money it receives against money it spends.

The first phase of the budget process begins in early summer, with a workshop meeting of the City Council. The City Council establishes the parameters that must be followed by staff during the preparation of the preliminary budget. At a subsequent management staff meeting, the Clerk-Treasurer distributes budget materials and information describing these parameters to all department heads. Following the staff meeting, individual department heads and members of their staff prepare estimates based upon a projection of current trends, a forecast of the effect of new programs, and an estimate of what is needed to pay remaining bills.

The departmental budget requests are prepared and presented to the Clerk-Treasurer for consolidation into a preliminary budget document for review.

The budget is divided into various funds through which money can be spent for services and programs. The *General Fund (001)* is the largest of the City's operating funds and includes funding for a wide variety of services offered to Woodland residents. This fund accounts for all of the City's financial resources except those required by state law to be accounted for in different funds. The 2009 *General Fund* budget totals \$4,136,357 as of April 30, 2009.

\$\$\$ Shows how the General Fund (001, 101, 102, 104) is allocated

Public Safety (police and fire), Parks, Library, Street/Transportation (traffic, street maintenance and engineering); Culture & recreation (library, parks); Community Development (planning/

zoning, plan reviews, building inspections, code enforcement, permitting, etc.); General Government (Legislative/City Council, Executive (Mayor), Legal, Finance, Clerk, Human Resources, Civil Service, and information technology); General Facilities (costs of building maintenance, janitorial, supplies, insurance); Intergovernmental (Cowlitz Co. Humane Society, Dept of Emergency Management, Cowlitz EMS, Clean Air Agency, Council of Governments, CAP, Economic Development Council, Diking District, Emergency Support Shelter)

Estimating Revenues

While expenditures are being estimated, the Clerk-Treasurer looks at potential revenues the City can generate. Two key questions are raised:

- What are the factors impacting future revenue flows, and
- What is the estimated level of revenues for the upcoming budget period?

\$\$\$ Sources of income for the General Fund (001) for 2011

Taxes (property, retail sales and criminal justice, public utility, gambling and leasehold excise); License & permits (business licenses, building permits); State and Federal Grants; Intergovernmental revenue (liquor excise tax/profits, Clark Co. 2 Fire); Fines & Forfeits (traffic violations, evidence and false alarms); Other services & charges (general fees/charges, facility rentals, investment interest, private donations, etc.)

Reviewing Estimates

In **September**, the preliminary budget is ready for review by the Mayor and department heads. The Mayor reviews the department requests, taking into account policy objectives and priorities for new or expanded programs. The Mayor and Clerk-Treasurer review current financial data and revenue projections in **early October**. In **late in October/early November**, the budget is returned by the Mayor to the Clerk-Treasurer for printing.

Preparing the Document

The Clerk-Treasurer prepares the draft or preliminary budget for Council review, usually in **early November**. The preliminary budget and message are also presented to the media and the general public at this time. The City Council thoroughly reviews the preliminary budget in a series of public meetings, workshops and public hearings. Interested individuals and community groups also review the preliminary budget during this time and offer their insights, comments and suggestions to the City Council.

Adopting and Implementing the Budget

The Mayor presents the budget to the Council and the public for review and adoption in an open public meeting. A series of **public hearings** are usually included as agenda items for the City Council meetings in **October**. Additional budget meetings are held by the City Council before the passage of the budget adoption ordinance in **December**. Once the hearings are completed, a budget ordinance is enacted, and the budget is formally adopted. The final budget is a formal, published document similar to the preliminary budget, but includes modifications made by the City Council. The final budget ordinance officially authorizes funding specific expenditures with identified resources.

2011 Budget Process

CITY OF Woodland

2011 Budget Calendar

State law defines a city budget calendar timetable for completing the various steps leading to the budget's adoption. Woodland staff begins budget preparation during the summer. By the fourth Monday in September, a preliminary budget is completed. Staff presents the proposed budget to the Council in meetings during October, and public hearings are held in November to review and approval it. The budget process ends when the final budget is adopted on or before December 31 by the Woodland City Council. This calendar illustrates the different deadlines and processes for adopting and implementing the City of Woodland's budget for 2011.

Budget Process

Meeting Budget Challenges

Budget Alert Stages Identified

Over the years the City has faced many budget challenges. In 2005, a sluggish economy and a wave of antitax initiatives reduced motor vehicle registration fees and capped property taxes that greatly curtailed the City's ability to fund programs and services. The impact on the City's revenue stream was significant. Again in 2008/2009/2010 the City is faced with the challenges of a stubborn economy and declining revenues, the City Council had to decide how to reduce service levels to meet expenses, and the level of urgency the shortfalls represented. The City will continue to work on the stages defining the fiscal health of the budget and the action steps associated with each.

Outlined below are the **four SUGGESTED stages** defining the fiscal health of the budget and the action steps associated with each.

Stage 1	Stage 2	Stage 3	Stage 4
*** DRAFT – The process below has not been formally adopted by council to date. ***			
<p><i>Revenues are greater than expenditures, with a projected ending fund balance is greater than 12% of General Fund expenditures. In this scenario, surplus revenues are distributed to appropriate reserve funds and new programs may be considered that are in line with the Council's vision for the community.</i></p>	<p><i>Expenditures exceed revenues and ending fund balance is projected to be greater than or equal to 12%. This scenario is a basic status quo budget where all core services and non-mandated programs are maintained through existing revenues and the use of minimal reserves.</i></p>	<p><i>Expenditures exceed revenues and projected ending fund balance is greater than 8% but less than 12%. The adopted budget provides for all core services with reductions in non-mandated program as approved by the City Council. At this stage, Council considers revenue enhancement proposals (i.e., bond levies, tax increases, and new revenues).</i></p>	<p><i>Expenditures exceed revenues and projected ending fund balance is less than 8%. Further reductions in non-mandated programs are necessary. Possible core service reductions may be called for. Council will consider revenue enhancement proposals (i.e., bond levies, tax increases, and new revenues).</i></p>

Budget Process

"Budget Alert Model" in Development

Looking toward the future, City staff, Mayor and Council began aggressively looking at ways to address potential budget shortfalls for 2005 and beyond. A "budget model" is in development to help guide Council and staff to recognize what adjustments are needed to be made at the various stages of projected shortfalls. Ultimately, the budget model will be used to prioritize programs and services. To develop a useful budget model, the City has to clearly identify and distinguish between the different levels of services and programs it provides.

The three levels identified are:

- Legally-mandated programs or services (like building permits or electrical inspections)
- Core or vital programs and services critical to maintaining minimal operation (like police or fire services)
- "Non-mandated" programs and services not full funded or required by law (like parks, library, recreation services, street sweeping)

It is suggested by Council and staff that the non-mandated programs are the most appropriate for potential reductions. However, it would be necessary to obtain feedback from citizens about the importance of the identified programs prior to cutting services.

Budget Process

Guiding principles of the budget model

The following principles are identified to guide the application of the budget model:

- **Commitment to efficiency** - During all stages of the model, City services and activities will be adjusted to obtain the greatest efficiency.
 - **Full-cost recovery** - During all stages, enterprise funds shall be responsible to recover 100% of program costs.
 - **Reduce impacted areas** - Should reductions in service be necessary in stages 3 and 4, services are to be reduced in the least-impacted areas.
 - **Keep the community informed** - During a stage 4 alert, the Mayor will issue a “state of fiscal emergency” declaration and ensure that residents are kept informed of what is happening.
 - **Accept more risk** - During stage 4, the City will accept more risk if forced to reduce positions or services.
 - **Leadership obligation** - During a stage 4 alert, the City Council may invoke a “leadership obligation principle” that requires the City Council to give the citizens of Woodland an opportunity to tax themselves before the reduction of certain core services are implemented.
- The proposed budget model in development together with the prioritization process proves to be an invaluable tool for Council and staff as they strive to deliver the highest level of services with limited resources and within the framework of a balanced budget.

Citizen Summit *[THIS IS DRAFT – Not yet adopted by council – TBD]*

Receiving input from residents is very important to the Woodland City Council. To facilitate two-way communication with constituents, Council will conduct a “Citizens Summit” in January of each year on several issues, including budget. At the Summit, the City seeks to gauge the opinions of Woodland citizens on a comprehensive list of programs and services offered. Citizens unable to attend the Summit will be given the opportunity to fill out an on-line or hard-copy version of the questions being discussed. Results are shared with the Woodland City Council for their consideration as they set goals for the next several years, and also posted on the City’s web site at www.ci.woodland.wa.us **The next Citizens Summit is scheduled for [TBD.]**

Mayor Charles Blum
Woodland City Council
City of Woodland
Post Office Box 9
Woodland, Washington 98674

RE: 2011 Budget Statement: Legal – Civil

Dear Mayor Blum and Woodland City Council:

Summary:

- Year 2 of two year contract - \$52,500
- Estimated costs above minimum hours - \$7,500 - \$18,000
- Municipal Code Review and Update – unknown, possible \$5,100 - \$7,500

Because the Council approved a two year contract at a flat rate, that part of the budget will not change. I will continue to work 25 hours a month for the City for \$4,375 a month. During this past year, we have been successful in staying near the 25 hours for the routine work of the City of Woodland. When we have been slightly over the 25 hours, given the economic circumstances, I have not billed the City. I have or will bill the City for work that was specially approved and completed and for extra work over the last twelve months which may not be in the present budget work-up year to date.

Over the last two months, the time spent on City matters has exceeded the 25 hour minimum both for routine matters and for zoning hearings. I anticipate that exceeding the minimum will occur once or twice in 2011 and I expect the City will have at least one more hearing arising from enforcement of non-conforming uses. The City should consider budgeting between \$7,500 to \$18,000 as a contingency that may or may not be spent for monthly overage or litigation/hearings.

After serving the City for several years and having become more familiar with the Code, it is clear to me that portions of the Code need to be updated and revised. I suggest that the City focus on areas in the Code that lead to either inefficient use of staff time or lead to litigation or administrative hearings.

Mayor Charles Blum
Woodland City Council
September 27, 2010
Page 2

For example, on nuisance cases the WMC requires the City to deliver notice personally to the owner. This is difficult to do for non-resident owners. It is inefficient when you have staff time spent on chasing down resident owners. Washington law allows notice by certified mail. However, the WMC does not. It would not cost much to change that ordinance and could be rolled into monthly work.

Another larger example is non-conforming uses in zoning. This is a problem nationwide and not just a Woodland problem. The law itself is difficult simply because two fundamental principles collide: the exercise of the police power through municipal zoning and the protection of vested private property rights. In Woodland, many uses pre-date the adoption of the zoning ordinance and those vested uses are incompatible with the current zoning classification. Some states have allowed amortization of non-conforming uses leading to termination, but the Washington courts have been coy about recognizing the validity of such a procedure in Washington. That said, the City would likely see some benefit in amending the present code sections which, though legal, are misleading to the public. Trying to fix this problem would take both legal hours and staff time.

It may be helpful to identify other recurring issues the Mayor, Council and staff believe should be reviewed and updated. If there are specific areas you have identified, then I could give an estimate.

Very truly yours,

William J. Eling

City of Woodland 2011 Budget

Mission: "To work in active partnerships with and for Woodland citizens, to build a progressive community that values it's past."

Clerk Treasurer Department

The Clerk-Treasurer Department's primary duty is to provide service to the public and other agencies in the community while performing functions that include finance (budgeting, reporting, accounts payable/receivable, payroll, utilities, etc.), creating and maintaining public records (minutes, ordinances, resolutions, etc.) executive & legislative support services, personnel services (payroll, benefits, programs, etc.). The responsibilities also include administering contracts and services with other agencies local, regional and state-wide. The department is essential to all other city departments for operations and services.

Per RCW 35A.11, the City must provide essential finance and clerk services.

2011 "Enhancement" requests (in order of importance)- **NOT** in totals above:

- 1. Salary/Benefits: NEW Account Clerk IV/Grant writer (\$58,975k).
- 2. Prof Services: GASB 54-budget review governmental fund balance reporting & fund type definitions statement compliance (\$4k).
- 3. Capital Outlay: 2-CPU (Replacement for Clerk III & Add 1 if new Clerk IV approved; & replacement laptop (for minute taking), monitors & install for 3 workstations (\$4k)
- 4. IT Support: SPAM/Virus filtering \$3/mo x 75 users x 12 mo (\$2.7k)
*this was approved in October 2010 - will need to be funded to continue service in 2011.
- 5. Prof Services: continue WMC web* capabilities with search function and codification of supplements (\$3.2K)*this is a continuation of current service that was implemented for free 1 year trial in 2010.

City of Woodland 2011 Budget

2011 Enhancement requests Continued:

- 6. Questys Web document management integration to city website (\$5k)
- 7. Email archiving \$5.95/mo x # email user for 10 yrs retention (annual \$5.4k)
- 8. Required for implementation with #7 above – New server \$13,950) & Windows 2008 SBS software and installation (\$10,500)

The Department currently (2010) has a total paid staff of 6.5 FTE's. This includes Clerk-Treasurer, Deputy Clerk-Treasurer, 2-Admin Clerk IV, 2-Admin Clerk III, and .5 Part-time Clerk I. We propose increasing 2011 staffing by one Clerk IV/Acct Clerk/Grant Writer.

Personnel Summary	2009	2010	2011
(FTE)			
Clerk Treasurer	1	1	1
Deputy Clk Treas	1	1	1
Admin Clerk IV	2	2	3
Admin Clerk III	2	2	2
Admin Clerk I	0.5	0.5	0.5
	0	0	0
Total	6.5	6.5	7.5

Proposed increase of 1.0 for 2011

The Clerk-Treasurer is the executive officer of the department. She is responsible for recommending policy decisions and implementing them, budget creation and management, financial management &

reporting, clerk and records services, public information, human resources and personnel services, risk management and manages judicial & legal services, oversees and makes recommendations for information technology, overall supervision of department staff, and acts as the liaison to various local, regional and state agencies. Works closely with the executive and legislative branches of the city government as well as City department heads.

The Deputy Clerk-Treasurer assists the Clerk-Treasurer as needed and assigned, with the duties above. Performs finance functions such as Accounts Payable and Accounts Receivable, Budgeting & Reporting. Also acts as the Civil Service Secretary. Also assigned with supervision of the department. This is an exempt position.

2 – Administrative Clerk IV positions (Payroll/Business License & Utility Billing). For 2010 the Payroll clerk managed salary and benefits for 37 employees, plus volunteers for all city departments. The Utility Billing Clerk managed 1700+ utility billing accounts including water, sewer, recycling and garbage. This position manages the utility billing from the start of meter readings clear through to the end of each 2 mo. cycle, including delinquent collection services. Both also provide department coverage as needed and assigned.

2 – Administrative Clerk III positions. While some duties are shared, there are a number of duties that are individually assigned. Both are responsible for day-to-day reception and customer service, cashiering, daily deposits, and facility rentals. Individually one clerk is assigned to assist and process council packets, website design and maintenance, wellness program coordinator, coordinate and assist with City events and Employee & Volunteer recognition program, Municipal Code codification services. The other clerk's individual duties include accounts receivable, contract maintenance, tracking for public utility taxes & hotel/motel taxes, coordination of facility rentals and special events.

City of Woodland 2011 Budget

2010 Accomplishments:

- **Local & Regional Representation.** Represented the City and Clerk-Treasurer department on various local and regional committees (i.e. Dept of Emergency Management, Chairperson; Chamber of Commerce, Cowlitz Co. Public Information Officers (PIO); SWFOA-SW WA Finance Officers Association, Secretary; WFOA-WA Finance Officers Association; various volunteer committees, WMCA-WA Municipal Clerks Association, various volunteer committees, Cities Insurance Association, Boardmember).
- **Official Publication Services**-managed and processed legal notices for public meetings, public hearings, ordinance summaries, bid announcements and awards, etc.

GRANTS – Manage, Process, Track, and Report for:

- **Managed Police Dept. grants for:**
 - Radar & Lidar units for speed enforcement
 - JAG – joint grant for server security and replacement in WPD
 - Bullet proof vest partnerships
 - WASPC Traffic DUI Enforcement Emphasis
 - WASPC Registered Sex Offender Address verification
 - Safe & Drug Free Schools
 - Homeland Security region funding of approx. \$58,000 to replace mobile data computers and mounting hardware in all patrol cars.
 - Application for 2010 COPS hiring
- **Managed Fire Dept. grants for:**
 - Volunteer Recruitment & Retention Officer; Volunteer life & disability benefits
 - Dept of Health EMS Pre-hospitalization
 - Dept of Natural Resources
 - Application for Assistance to Firefighters for radio communication equipment, sprinkler/alarm at city hall, vehicle acquisition
 - Application for SAFER for 1 additional firefighter (original request was for 2 firefighters)
- **Managed other City grants for:**
 - FEMA Disaster Assistance (closeout for 2009 winter storms)
 - Emerging Issues Planning Grant
 - Schurman Way funding
 - SR503 Federal & State funding
 - Sidewalk grant [pending 2011]
 - Cowlitz Co. Rural Facilities for Centennial Building purchase/renovation; Schurman Way project
 - USDA Rural Development for grants/loans for: Library, Water/Sewer infrastructure, PW Shop, Police Station, Fire Station

City of Woodland 2011 Budget

2011 Goals:

Clerk Department goals are generally ongoing and carryover year to year. They include:

- Maintain our current level of service, if possible, in the face of swift growth and reduced funding.
- Continue management of our funding to maximize the return on expenditures.
- Continue to seek facility funding options.
- Implement new phone system and carrier in all city facilities.
- Continue IT improvements including SPAM filtering, website hosting, website design and management, computer replacement schedule, other IT planning for the future.
- Continue new finance reporting for quarterly and annual report; continue timely reporting of financial statements to state auditor and other state agencies in the face of swift growth and reduced funding and possible reduced staffing.
- Updates to current policies and new policies (Investment, Fee Waiver, council travel/training, Personnel Policy (ongoing)).
- Review of current contracts, renewals and new contracts.
- Continue re-certifications of Clerk Treasurer department staff.
- Continue implementation of Questys Document Management system for all departments; continue Records Management program required by State Archivist standards.

WOODLAND POLICE DEPARTMENT

From the Chief of Police // 15% cut memo.doc

Report to the City Council

TO: Mayor & City Council

From:  Chief Rob Stephenson 

cc:

Date: 10-19-2010

Subject: ADDITIONAL 15% POLICE BUDGET CUTS .. RAMIFICATIONS

What follows are my thoughts on the ramifications of a 15% cut in the originally propose police budget.

Using "across the board" cuts for all departments results in the PD having to cut \$222,145.00 from the proposed 2011 budget. Granted, the PD takes up the largest chunk of the general fund. However it's also important to note that the PD also proposed the smallest department increase (.08%) over 2010. Further, I submit that making this level of cuts to police is not in line with Council goals, placing public safety at #1.

Nevertheless, as follows:

Salaries/Benefits: In order to reach the 15% cut goal, the PD has no alternative but to cut staff. This equates to 2 full time police officers and reducing one clerk to ¾ time. It also includes no scheduled step increase or COLA for the Police Chief. This reduces department staffing by over 20% and causes us to fall far below the goals in our comp plan. It will reduce overall effectiveness in the department. Assuming we decide to maintain the detective position, this reduces each patrol team from 4 to 3 officers. It forces the sergeants into daily shift coverage and during vacation times will impact the detective considerably since he would be used to cover patrol absences. I suspect that our crime clearance rates will fall.

Communications-Spillman: Reducing this line by \$500 is really not a problem since the original \$500 increase was for air card costs for a new officer. Since we're theoretically cutting, the assumption is no new officer so no need for the \$500.

Travel: Reduction in travel creates a strain on the training budget. While we already strongly avoid out of town training requiring overnight stays, there are still travel costs associated with different aspects of our operation.

Radio Repair: Reducing this line is a gamble. None of our radios are under warranty any more and this line also covers radar certification and repair costs. Historically we've been okay here. But it literally will be a "we'll see" situation.

Training: The reduction in training all but does away with any discretionary training and does not include Lexipol updates/training. Basically it will cover little more than firearms training and Emergency Vehicle Operation. This is potentially a

WOODLAND POLICE DEPARTMENT

From the Chief of Police // 15% cut memo.doc

liability issue.

Evidence Room Supplies: 50% reduction we'll just live with. Should be okay.

Care of Prisoners (Jail): Reducing an additional \$30k is also a gamble and brings the total reduction for 2011 over 2010 to \$80k. For most of 2010 we were averaging under \$10,000 per month. If (BIG IF) this trend continues, barring any major medical costs, etc., we could be okay. Another "we'll see" situation.

I want to be clear that with the exception of a couple of the minor cuts, this 15% cut budget is not my recommendation in any fashion. I oppose this vehemently and while it will certainly save considerable money, it will adversely affect both public safety and officer safety. It is simply not the wise thing to do in my estimation.

City of Woodland 2011 Budget

Police Department

The police department is an organization whose existence is justified solely on the basis of community service. Our mission is to *“preserve a feeling of safety and security for our citizens by protecting life and property, conducting professional investigations, promoting innovative crime prevention strategies and providing excellent service.”*

While arresting criminals and dealing with crime is one aspect of our duties, it is only a part of what we do. Our responsibilities also include developing relationships with law-abiding citizens of the community and providing many non-criminal services within Woodland.

Per RCW 35A.11, the City must provide essential law enforcement service. This can be accomplished through a city police force or by contracting for this service.

“Enhancements for 2011 include (in order of importance):

- Replace 6 bullet-proof vests (\$5k).
- 2. Replace 1 patrol car (\$26k).
- 3. Hire and equip 1 additional Police officer. (\$115k)
- 4. Replaces two desktop PC’s (\$2.5k)

**=Pers benefits for 2011 officer/enhancement are included in salary/wage line*

Expenditures	2009	2010	2011
Salaries & Wages	\$749,053	\$778,146	\$798,481

Total	\$1,414,964	\$1,423,800	\$1,517,392
Without 2011 enhancements			

Expenditures	2011
Salaries & Wages	\$882,481
Personnel Benefits	\$377,585 *
Operations	\$77,000
Intergovernmental	\$264,326
Capital Outlay	\$59,500
Total	\$1,660,892
With 2011 enhancements	

City of Woodland 2011 Budget

The Department currently (2010) has a total paid staff of 12. This includes 10 commissioned officers (a Chief, two Sergeants, seven officers) and two non-commissioned support staff consisting of a police clerk and an evidence-services clerk. Most officers are assigned to a uniformed patrol function. One officer is assigned as an investigator/detective. We propose increasing 2011 staffing by one police officer.

The Police Chief is the executive officer of the department. He/She is responsible for policy decisions, budget creation and management, overall supervision of department staff, and acts as the community liaison for the department.

Personnel Summary	2009	2010	2011
(FTE)			
Chief	1	1	1
Sergeant	2	2	2
Police Officers	7	7	8
Admin Clerk	1	1	1
Evidence Services Clerk	1	1	1
Community Serv. Ofc.	0	0	0
Total	12	12	13

The Police Sergeants perform both a uniformed patrol function as needed and exercise daily supervision of the patrol force.

Uniformed patrol officers are responsible for the primary response to calls for service, traffic enforcement, crime prevention and investigations.

The investigator is primarily responsible for time consuming or higher profile investigations where it isn't feasible for a patrol officer to do them. The investigator position was created in 2006, and he has been successful in clearing crimes and making arrests that might not have otherwise been accomplished. This is due to his ability to leave the city as needed and dedicate all of his time to an investigation rather than also being interrupted answering normal patrol calls for service. *(If funded in 2011, we will increase to two investigators/detectives.)*

The police clerk and evidence-services clerk are responsible for clerical, records, evidence, and administration duties and for support of the patrol and investigative functions.

Community Law Enforcement Programs:

The police department and Washington State Department of Corrections have formed a partnership in monitoring violent offenders and parolees who live in and around Woodland. Community Corrections Officers maintain workspace in the police department and work together in making sure these offenders comply with the conditions of their release in our community.

City of Woodland 2011 Budget

The police department provides extra security patrols for the Woodland School District under funding received through the regional Safe and Healthy Schools grant. WPD is allocated \$9,000 annually during the life of the grant to cover payroll (mostly overtime) expenses for school related security activities.

The police department acts as a facilitator and partner for Neighborhood Watch groups representing nearly every neighborhood in Woodland. By definition, these are groups of residents who maintain extra vigilance in their own neighborhoods and assist the police by frequently reporting suspicious and criminal behaviors they observe. (All of these groups are currently inactive. They tend to only become active if a particular crime issue develops in a neighborhood. So, the fact they are inactive is probably a good thing.)

Driving while intoxicated and seat belt patrols occur periodically in Woodland as part of state wide efforts in these areas. These emphasis patrols seek drinking and intoxicated drivers and underage drinking and other liquor violations as well as promoting seat belt use. Locating and arresting impaired drivers is an important public safety task.

2010 Accomplishments:

- Represented the City and police department on various county level committees (i.e..911 Users, Mobile Data Terminal enhancement projects, Substance Abuse Coalition).
- Obtained direct or indirect grants for equipment, such as:
 - Radar & Lidar units for speed enforcement
- Obtained Homeland Security region funding of approx. \$58,000 to replace mobile data computers and mounting hardware in all patrol cars.

2011 Goals:

Police Department goals are generally ongoing and carryover year to year. They include:

- Educate our citizens on the critical need for and continue to work towards a larger police facility. This issue is beyond critical for this department. Our current facility limitations adversely affect the service we provide.
- Maintain our current level of service, if possible, in the face of swift growth and reduced funding.
- Continue management of our funding to maximize the return on expenditures
- Continue support of Neighborhood Watch and Substance Abuse programs.
- Research and continue to take advantage of grant funding opportunities as they arise.
- Increase our volunteer reserve force from the current two.

Operations	\$142,834.00	\$181,520.00	\$115,300.00	-36.5%
Professional Services	-	-	-	-
Intergovernmental	\$24,131.00	\$26,591.00	\$20,493.00	-22.9%
Total	\$588,714.00	\$793,422.00	\$745,106.00	-6.7%

Full Time Staff Summary

Year	2009	2010	2011 est.	% Change '10-'11
FTE's	5	6	6	0%

Overview

The Woodland Fire Department continues to provide service with substantial value and economy to the City of Woodland. Our projected cost for 2011 is approximately \$105 per capita, including the Clark County FD #2 budget and population. With 35 Volunteers, 6 interns, and 6 full-time employees, the Woodland Fire Department will provide more than 40,000 on-duty work and training hours in 2011 with a net cost of all pay, benefits, and uniforms of approximately \$15.00 per hour. Assuming a full-time work schedule is 2,080 hours per year, The Woodland Fire Department will provide on-duty work hours equivalent to more than 19 full-time employees.

Increases to the Fire Department Budget in recent years have allowed us to dramatically increase our service level for a relatively small cost. With our current staffing model, we will provide a constant on-duty response staff of approximately 3.5 responders (averaged 24 hours/day 365 days/year). This staff is augmented by volunteer members that respond from home and work. Having the minimal staff to provide some level of 24 hour coverage, has allowed us to decrease our average response time to 5 minutes and 17 seconds around the clock. As you are well aware, this can have dramatic impact on the outcome of fire, EMS, and other emergency incidents that we respond to.

I believe that the cuts we have proposed to our initial budget, will allow us to maintain our current staffing level with some modification for sick time usage and other paid time off. We are

2011 BUDGET PROPOSAL

optimistic that with careful management and oversight, we can maximize our limited overtime budget to accommodate 24 hour coverage for all of 2011, given no unanticipated injuries, illnesses, or other impacts on staffing. We have proposed cuts to our operating budget that will pose some significant challenge and decrease in available resources. As with our proposed personnel budget, we will work diligently to manage these funds and seek all cost saving opportunities that are available, so that service impacts will be as small as possible.

Salaries & Benefits

(001 030 522 10 10 00) & (001 030 522 10 20 00)

<u>Initial Request 2011:</u>	\$660,152.00	<u>Estimated 2010:</u>	\$568,831.00
<u>Revised Request 2011:</u>	\$589,513.00		

Items Included:

- Fire Chief
- Recruitment / Retention Officer
- Fire Clerk
- 3 Full-time Firefighters
- Overtime for Sick / Vacation Cover
- Overtime for Kelly Day / FLSA
- Overtime for Minimal Call Back
- Overtime for Minimal Staff Meetings
- Holliday Pay Cash Out
- Volunteer Officer Stipends
- Intern Stipends
- Volunteer Response Reimbursement
- Volunteer Banquet
- VFIS Insurance (Grant Funded)

Explanation of Increases:

- Salary Step Increases for 3 Firefighters and Recruitment Retention Officer
- Negotiated Wage Increases (anticipated at 0.5%) (IAFF contract negotiations in November)
- Overtime Increases:
 - 2 newest Firefighter positions with ability to use vacation for first time in 2011. New Firefighters will have 24 months of accrual that can be used within 2011. Only vacation for 1 Firefighter was used in 2010. Vacation usage requires overtime backfill to maintain coverage of single firefighter on duty. Union negotiated first right of refusal for coverage of open shifts. The career firefighters play a crucial role in coordinating our on-duty response with inexperienced interns and limited volunteers that stay at the station on occasion.

(360)226-7076

2011 BUDGET PROPOSAL

○ **Options:**

• *Fund the revised requested budget amount*

Limited anticipated reduction in service level. The revised budget accommodates usage of approximately ½ of the anticipated accrued vacation time and 1/3 of the anticipated accrued sick time of the 3 shift firefighters. Additionally, coverage for Kelly Days that are anticipated with upcoming negotiations would be covered by the daytime Captain position through flexing of his assigned work schedule. Flexing the schedule of the daytime Captain will provide some limitations and require us to modify his schedule and tasks with some anticipated impact on volunteer training and program management. Use of vacation and sick leave above projected levels could possibly result in days without 24-hour on-station coverage. This will generally maintain the current level of 24 hour coverage and improved response times that were realized this year. This will be our first full year with this staffing model and more accurate overtime usage projections will be available for following years.

• *Fund at current 2010 level*

Possible issues with upcoming labor contract regarding first right of refusal for coverage of open shifts by career members. Possible reduction in staffing at times with increased response times of 15 or more minutes when station is not covered. Reductions in staffing will have significant impact on EMS response outcomes and could delay interior fire attack at structure fires by as much as 30 minutes.

• *Fund at reduced level:*

Creates possible issues with upcoming labor contract regarding first right of refusal for coverage of open shifts by career members. This scenario is very likely to cause a reduction in staffing at times with increased response times of 15 or more minutes when station is not covered. Reductions in staffing will have significant impact on EMS response outcomes and could delay interior fire attack at structure fires by as much as 30 minutes.

FIRE
DEPARTMENT

100 Davidson
Avenue
P O Box 9
Woodland, WA 98674
Mike Jackson, Chief
(360)225-7078

2011 BUDGET PROPOSAL

Intern Stipends: Increase to \$18,000.00 from (\$15,000.00 in 2010)

Description: \$250 / month stipend provided for each of 6 interns. Interns work between 144 and 240 hours per month. This allows us to have combined on station staffing of at least 3 during the week and 2 on the weekends. This is a minimal cost for significant impact on staffing and response capacity along with improved response times.

Explanation: Some intern spots were vacant for a portion of 2010. We anticipate funding all of these positions at the current rate for the entire 2011 budget year.

o **Options:**

- *Fund the requested budget amount*
This allows us to continue our current intern program at current levels. The intern program is a critical and very cost effective part of our current staffing model.
- *Fund less than requested budget amount*
Decreased funding of this program would likely result in cutting of one or more intern positions. This would decrease our on-duty staff significantly. Reducing by one intern position would reduce our on-duty staffing by one person approximately 30% of the time.

Benefits - Uniforms
(001 030 522 10 22 00)

<u>Initial Request 2011:</u>	\$13,000.00	<u>Estimated 2010:</u>	\$12,600.00
<u>Revised Request 2011:</u>	\$10,000.00		

Description: This funds all uniform clothing items for all volunteer and paid members. These items include shirts, pants, coats, sweatshirts and related items.

Explanation: We provide uniform items to our volunteers for identification purposes as well as for personal protection when on scene or representing the Department. Due to the nature of our work, some items are inadvertently damaged and contaminated, requiring incidental replacement. The proposed revised budget will allow for minimal expenditure and likely require replacement of some items be delayed. We do not currently and will not be able to provide uniform protective footwear for our volunteer members.

100 Davidson
Avenue
P O Box 9
Woodland, WA 98674
Mike Jackson, Chief
(360)225-7076

2011 BUDGET PROPOSAL

o **Options for uniform budget:**

- ***Fund the requested budget amount***
This allows us to fund minimal uniform purchase for anticipated uniform needs, provided that no significant incident necessitates emergency replacement of multiple damaged or contaminated uniform items.
- ***Fund less than the requested budget amount***
This would likely have consequences on our current uniform policies and would require elimination of some uniform items for volunteer and career members.

Benefits – Pension / Disability Insurance
(001 030 522 10 24 00)

Initial Request 2011: \$5,880.00 **Estimated 2010:** \$4,880.00

Description: This funds one of the only benefits provided to volunteer members for a limited pension and disability coverage.

Explanation: This benefit is one of the few compensation incentives offered to retain volunteer members. The proposed increase covers increased membership numbers, but may come in under budget depending on our membership average. Cutting this benefit would have negative consequences on our volunteer program.

Benefits – Personal Safety Tests
(001 030 522 10 24 00)

Initial Request 2011: \$5,000.00 **Estimated 2010:** \$4,000.00
Revised Request 2011: \$4,000.00

Description: This funds medical / physical examinations and required testing for new members that are outlined by law and related standards for firefighters and persons that use respiratory protection devices.

Explanation: A proposed increase would have allowed us to fund influenza vaccinations for our membership. Influenza outbreak could possibly have a drastic impact on our workforce and ability to maintain 24 hour coverage with our limited staff. Further cutting of this budget would likely take us out of compliance with applicable State and Federal Laws as well as recognized standards. Not all recognized standards for physical /

2011 BUDGET PROPOSAL

medical evaluations of emergency responders are currently met by our organization due to budget limitations. Current laws are being met with this level of funding.

Professional Services Fire Marshal

(001 030 522 10 41 00)

Initial Request 2011: \$1,000.00 **Estimated 2010:** \$1,000.00
Revised Request 2011: \$0

Description: This funds a contracted service for review of building plans for fire and life safety code compliance with new construction projects in the city. This was used for large project review to ensure timely and efficient turn-around time of plans as well as provide expertise that was not available in the Department.

Explanation: This proposed cut requires all applicable plan review to be done by Fire Department staff. The Chief currently possesses the necessary skills to perform this task, but has schedule limitations with other obligations. If the current SAFER grant proposal is successful, this task would be transferred to that new employee along with other risk reduction activities and response tasks.

Travel Administration

(001 030 522 10 43 00)

Initial Request 2011: \$1,200.00 **Estimated 2010:** \$1,000.00
Revised Request 2011: \$0

Description: This funds the costs associated with attendance and participation with the Washington State Fire Chief's Association and other professional development activities.

Explanation: This proposed cut requires all applicable costs to be cut or funded out of the Department's training budget. All costs that can be eliminated will be, and minimal participation will be funded from the training budget.

2011 BUDGET PROPOSAL

Operating Supplies

(001 030 522 20 31 00)

Initial Request 2011: \$18,500.00

Estimated 2010: \$18,000.00

Revised Request 2011: \$13,600.00

Description: This is a broad category that funds general supplies involved with the day to day operations of our equipment, fleet, facility, and related expenses.

Explanation: This proposed cut requires substantial spending constraints. It is anticipated that newly implemented programs and management controls for inventory management, ordering, tracking, and purchasing control will help in meeting the amount budgeted for this item. Prior systems in place did not take full advantage of quantity purchase opportunities, clearly identified inventory quantities, limiting duplication of similar products, and other minor discrepancies. New system controls have and will continue to be implemented and should result in more efficient operations.

Personal Protective Equipment

(001 030 522 20 31 01)

Initial Request 2011: \$20,000.00

Estimated 2010: \$20,000.00

Revised Request 2011: \$11,200.00

Description: This funds all critical protective clothing, helmets, eye protection, gloves, hearing protection, and related items.

Explanation: This proposed cut requires substantial spending constraints. It is anticipated that recent efforts to manage inventory with better systems and needs projections, along with efforts to ensure competitive pricing for items will have some limited effect on cost savings for this line item. Additionally, cuts to this line item will put us slightly behind on our scheduled plan for gear purchase to ensure improved, modern protective gear for all of our members. Minimum required protective clothing should be able to be maintained with this proposed budget, with improvements for very few if any members.

2011 BUDGET PROPOSAL

Operating Supplies – Fire Prevention
(001 030 522 20 31 02)

Initial Request 2011: \$1,500.00 **Estimated 2010:** \$600.00
Revised Request 2011: \$750.00

Description: This funds minimal supplies to assist with our pro-active public education and outreach efforts to prevent injuries and fires to our population.

Explanation: This minimally funded budget item allows for very few materials to educate the public about risks and injury prevention. Our over-all hope is to reduce the number of responses we have and use some money in efficient ways to prevent incidents and protect our citizens before the emergencies happen.

Fuel Consumed
(001 030 522 20 32 00)

Initial Request 2011: \$16,200.00 **Estimated 2010:** \$16,000.00
Revised Request 2011: \$16,000.00

Description: This funds fuel used by all vehicles and gas powered equipment.

Explanation: This proposed cut requires judicious monitoring of our fuel consumption and possible limitations on training activities and other events other than emergency response that involve fuel consumption.

Repairs and Maintenance Supplies
(001 030 522 20 38 00)

Initial Request 2011: \$10,000.00 **Estimated 2010:** \$9,000.00
Revised Request 2011: \$8,000.00

Description: This is a broad category that funds general expenses related to repairs and maintenance of equipment used in our daily operation. Some station supplies and equipment along with power tools, saws, extrication equipment, and other items are maintained with this budget.

Explanation: This proposed cut requires closer oversight and prioritizing of some maintenance and preventative maintenance efforts on related equipment.

2011 BUDGET PROPOSAL

Repairs and Maintenance Supplies - SCBA
(001 030 522 20 38 01)

<u>Initial Request 2011:</u>	\$4,200.00	<u>Estimated 2010:</u>	\$4,000.00
<u>Revised Request 2011:</u>	\$3,000.00		

Description: This funds all repair, maintenance, and testing of our Self Contained Breathing Apparatus Equipment that is essential for firefighting.

Explanation: This proposed cut requires substantial spending constraints with judicious spending on limited preventative maintenance. The proposed budget is based on assumptions of no failure or significant maintenance beyond routine servicing of equipment. Some parts inventory stocking and pro-active procurement of replacement parts that are periodically needed will be delayed as much as possible.

Repairs and Maintenance - Vehicles
(001 030 522 20 43 00)

<u>Initial Request 2011:</u>	\$27,000.00	<u>Estimated 2010:</u>	\$26,000.00
<u>Revised Request 2011:</u>	\$25,000.00		

Description: This funds all repair and maintenance of all Fire Department Vehicles.

Explanation: This proposed cut requires substantial spending constraints with judicious spending on preventative maintenance and allows for very limited unanticipated significant repairs. Our newest apparatus is the most used fire apparatus and is starting to experience more frequent maintenance needs. Additionally, most warranties on various parts of this apparatus are at the end of their term. Efforts to compensate for these increased costs include the surplus disposal of 2 older sedans that require frequent maintenance and preventative maintenance programs. The current Chief's vehicle poses some additional concern for increased cost, as it is 9 years old and has over 113,000 miles.

Repairs and Maintenance - Communications
(001 030 522 20 48 01)

<u>Initial Request 2011:</u>	\$5,000.00	<u>Estimated 2010:</u>	\$5,000.00
<u>Revised Request 2011:</u>	\$3,000.00		

Description: This funds all repair, maintenance, and testing of our base, mobile, and portable radio equipment that is essential for communications.

Explanation: This proposed cut requires substantial spending constraints that will be accomplished by eliminating the pro-active scheduled replacement plans for some pager equipment, some batteries, and related equipment. Some replacement of equipment will be deferred as long as possible.

Repairs and Maintenance - Hose Testing
(001 030 522 20 48 02)

<u>Initial Request 2011:</u>	\$4,250.00	<u>Estimated 2010:</u>	\$4,000.00
<u>Revised Request 2011:</u>	\$2,000.00		

Description: This funds all repair, maintenance, and testing of our hoses, as outlined by industry standards. Hose testing has been completed efficiently by a contract service provider.

Explanation: This proposed cut will be accomplished by cutting time for other programs and projects like blood pressure checks and community outreach to have our on-duty crews and volunteers take time to complete this required testing. Necessary maintenance will still be accomplished along with the possibility of testing hose from one apparatus in our fleet.

Miscellaneous
(001 030 522 20 49 00)

<u>Initial Request 2011:</u>	\$4,000.00	<u>Estimated 2010:</u>	\$3,000.00
<u>Revised Request 2011:</u>	\$3,000.00		

Description: This funds subscriptions and memberships for pertinent trade journals used for training purposes and professional membership in a state-wide association. The proposed increase would have funded an online subscription for access to the NFPA

2011 BUDGET PROPOSAL

Training - General
(001 030 522 40 49 00)

<u>Initial Request 2011:</u>	\$12,500.00	<u>Estimated 2010:</u>	\$12,000.00
<u>Revised Request 2011:</u>	\$7,500.00		

Description: This budget item funds all training classes, related travel, supplies, and expenses for all members. With limited staff and facilities, outside training opportunities in the region are critical for safe and effective emergency operations as well as development of response programs, safe operations, and development of member skills and abilities.

Explanation: Training will be limited with the proposed budget and our ability to provide necessary training for new members later in the year will likely be limited. Judicious spending and eliminating many training opportunities outside of our immediate area will help manage the expenses associated with this budget item.

FMS: Ambulance Reimbursement
(001 030 526 20 00)

<u>Initial Request 2011:</u>	\$10,620.00	<u>Estimated 2010:</u>	\$10,620.00
<u>Revised Request 2011:</u>	\$0		

Description: This budget item funded the city portion of payment required when we used ALS Ambulance response from Fire District 5 (Kalama). This service was used to fund the response of an ambulance from Kalama for serious, life-threatening emergencies when no AMR ambulance was available close to woodland (approximately 45% of the time). When requested for these circumstances, this allowed us to have an ALS transport capable ambulance on scene approximately 15 minutes earlier.

Explanation: Elimination of this budget item requires an additional delay for an ALS ambulance of 15 or more minutes in some life threatening circumstances on some occasions.

Emergency Medical Supplies

(001 030 526 90 31 00)

<u>Initial Request 2011:</u>	\$20,000.00	<u>Estimated 2010:</u>	\$20,000.00
<u>Revised Request 2011:</u>	\$12,000.00		

Description: This budget item funds all supplies associated with Emergency Medical Response.

Explanation: This proposed budget cut will require spending restraint and the delay of replacement for some aging medical equipment. Improved inventory and ordering methods are expected to help control some costs.

Travel - Emergency Medical

(001 030 526 90 43 00)

<u>Initial Request 2011:</u>	\$1,000.00	<u>Estimated 2010:</u>	\$1,000.00
<u>Revised Request 2011:</u>	\$0		

Description: This budget item funded participation in a regional EMS training conference and travel to EMS training events.

Explanation: The travel and participation funded by this budget item has been eliminated and training limited to regional opportunities where a city vehicle can be used without overnight accommodations.

Training - EMS

(001 030 526 90 49 00)

<u>Initial Request 2011:</u>	\$7,000.00	<u>Estimated 2010:</u>	\$7,000.00
<u>Revised Request 2011:</u>	\$5,000.00		

Description: This budget item funds outside training for EMT certification of new members.

Explanation: Our number of EMT's is higher than previous years at this time. Training for EMT certification will be limited to 6 members as proposed by this budget. Other EMS training will be limited and use of our current on-line EMS training will be maximized.

City of Woodland 2011 Budget Public Works

Public Works is comprised of Planning, Building, Code Enforcement, Water, Sewer, Parks and Streets. The planning, code enforcement and building budget will be presented separately. The expenditures for 2009 were 17% less than what was spent for 2008. The budget for 2010 is 13% less than the budget for 2008 and expenditures are anticipated to come in below the budgeted amount. Public Works has significantly reduced its budget for the last two years in order to accommodate the down-turn in the economy. The reduction in the budget has been accomplished by personnel reductions, not filling authorized positions, postponement of equipment replacement and limiting capital improvement projects. The proposed budget for 2011 calls for equipment replacement and additional capital improvement projects. Below is a summation of the proposed Public Works budget.

Expenditures	2008	2009	2010	2011
Salaries and Wages	\$ 749,329	\$ 719,620	\$ 762,661	\$ 792,168
Personnel Benefits	\$ 310,795	\$ 310,100	\$ 272,113	\$ 307,037
Operations	\$ 1,314,124	\$ 1,298,453	\$ 1,732,540	\$ 1,898,389
