ACCESSIBLE TRANSPORTATION OPEN HOUSE & SURVEY

Tuesday, March 5, 2024 | Cowlitz Expo Center | 6-8 PM | In-Person & Online

Take the survey after the event at surveyhero.com/c/AccessibleTransportation

Cowlitz County is evaluating ways to improve its transportation facilities. This includes the roads, bridges, parking lots, sidewalks, and ramps people use to move around.

Attendance at the open house and participation in the survey are both ways to help create a county-wide Americans with Disabilities Act (ADA) Plan, which will prioritize improvements for making all individuals' experiences as safe, accessible, and efficient as possible. In the months to come, we will share the results of this survey and a draft of the plan.

All Cowlitz County residents, agencies, and organizations, as well as those who work, travel, shop, use services, and recreate in Cowlitz County are encouraged to participate!
